Thank you for your order which you will find attached for signing off. If you need to make any amendments, please write these in the space provided on the acknowledgment. Please DO NOT alter the survey pages.

The lead time given at this stage is estimated and should not be deemed definite. There are many factors that can affect the lead time such as powder-coating issues or stock shortages on any items ordered specifically for you, and these are usually beyond our control.

****IMPORTANT INFORMATION****

Please do not schedule or make any arrangements for installation based on the estimated delivery date. If you require an update as to the progress of your order please contact us before scheduling any installation. We cannot be held liable for any costs or penalties incurred arising from any delay to the anticipated delivery date. Affordable Aluminium Systems Ltd. will not consider claims on this basis.

Powder-coated aluminium should be regularly cleaned and maintained. Areas within direct influence of salt water, industrial chemical plants, blast furnaces or other aggressive emission sources should be cleaned more frequently and in accordance with the cleaning and maintenance manuals. These are available from us on request or can be downloaded from: www.smartsystems.co.uk

Document Q : It is the responsibility of the company or person(s) ordering windows and doors to ensure that where applicable they are specified to comply with the new Approved Document Q requirements. Affordable Aluminium Systems Ltd will not have knowledge of any specific project until notified accordingly and as such Document Q spec will only be provided upon request.

All orders are subject to our terms and conditions of sale which are available at: www.a-w-s.co.uk

We would respectfully advise that as this is a supply only contract. It is your responsibility to ensure that all sizes, specifications and products are correct and suitable for the situation in which they will be used. A guide to Surveying and Installation is available on our website: www.affordablealuminium.com and by clicking on Trade Area.
